Lake Garda: great golf, history and wine

Lake Garda or Benaco is the largest lake in Italy. Its wider part to the south is surrounded by morainic hills that were left following the glacier recession, while the narrow northern part is enclosed by the mountains that create its fjord-shape configuration and provide a very mild Mediterranean climate.

The luminous environment, temperate climate, and flourishing vegetation - mainly olive and lemon groves, palms, cypresses, oleanders and orange trees - along with the majestic landscapes are the background to the remarkable historical and cultural remains spread all around and make this lake the most charming in Italy.

Given the intense colour of its water with a marked shade of blue and matchless transparency, Lake Garda is a unique spot where visitors and guests can enjoy a holiday full of relaxation, sports, fun and the thrill of discovering new places.

Garda Golf Country Club

A 27-hole championship in a unique setting. Experts consider the Gardagolf Country Club to be one of the best golf courses built over the past thirty years. Covering over 110 hectares, the golf course was designed by British architects Cotton, Pennick, Steel & Partners. The Gardagolf County Club offers a challenging 27-hole course providing an extraordinarily beautiful panorama.

Arzaga Golf Club

Are you a budding Jack Nicklaus II, Gary Player or would you prefer just a quick practice round? Choose one of the two unique courses, with 27 holes in all, designed by two legends of the golfing world alongside a spectacular driving range where you can improve your Pitch & Putt techniques to help you get ready for the challenges that lie ahead out on the main course.

Enjoy the food and wine of the area is the time to complete the quality of a holiday, whether short or long.

Each area of our country offers wines and typical foods that vary further according to the seasons, also the location in the hills gives equal access to agricultural products of the plain to the south and the mountain behind us.

There really is something for everyone. Our aim is to allow guests to get to know some of the most representative producers, both of wine and other specialties and taste together their products.

According to the established program, there will be a tasting dinner with pairings designed together with producers and restaurateurs to share with guests a complete proposal.

Sirmione

Inside the archaeological park, within a vast olive-grove, the building constructed between the end of the 1st century B.C. and the beginning of the 1st century A.D. in an excellent panoramic location, situated on the extreme tip of the Sirmione peninsula, is the most important example of a high-class Roman villa in northern Italy.

Immediately inside the entrance to the archaeological park the Museum can be found, hosting objects brought to light during the excavations carried out inside the villa, and in archaeological works conducted both in Sirmione and other Lake Garda locations.
