

A week discovering Lake Garda Hills

Discover Italy while playing golf!

A week discovering Lake Garda Hills

Lake Garda or Benaco is the largest lake in Italy. Its wider part to the south is surrounded by morainic hills that were left following the glacier recession, while the narrow northern part is enclosed by the mountains that create its fjord-shape configuration and provide a very mild Mediterranean climate.

The luminous environment, temperate climate, and flourishing vegetation - mainly olive and lemon groves, palms, cypresses, oleanders and orange trees - along with the majestic landscapes are the background to the remarkable historical and cultural remains spread all around and make this lake the most charming in Italy.

Given the intense colour of its water with a marked shade of blue and matchless transparency, Lake Garda is a unique spot where visitors and guests can enjoy a holiday full of relaxation, sports, fun and the thrill of discovering new places.

VERONA AND ITS WINES: FROM BARDOLINO TO VALPOLICELLA

Just like for art and landscapes, Italy has a lot to present. Verona is certainly the most representative Italian wine city, partly because for over 50 years it hosts the international fair of Italian wines and especially to be the Italian representative at Great Wine Capitals, the event that brings together the most representative capitals in the world of wine.

In short, for those who love wine Verona is a must and for this reason we have included it among the activities for our guests.

Itinerary

The excursion starts in the town of Bardolino, on the hills east of Lake Garda, with the tasting of local wines and EVO oil. The visit will take place in one of the most famous wineries and active for years in the hospitality of wine lovers from all over the world.

In the afternoon we will visit the city of Verona on a classic tour, accompanied by a local expert guide of history. The tour will be in English.

Late in the afternoon, we move to one of the most beloved wine areas in the world. We visit a winery in the Valpolicella doc, and we pair our dinner with the local wines. Because the best way to enjoy Italian wines is by pairing them with local food, and we want our guests to enjoy cuisine and wine the way we do.

Food and Wine experience

Valpolicella region does not need presentation. Its wines are known worldwide. And Amarone della Valpolicella plays the role of the king in the wide range of Italian wines. Our local sommelier will take you to visit a selected winery and explore the sensations that the wines reveal according to the cru, the blend, and the vintage. Each wine is paired with locally produced appetizers to enhance flavor notes and delight your palate.

Thanks to the guided tastings, you will explore the varied flavors of different wines and be impressed by wines' peculiarities and styles, even within a limited distance. Italy offers very different landscapes, climates, and wines in a single region. You might be surprised by the incredible variety you can enjoy

A MEAL WITH PAIRING

For centuries wine has been the unique beverage in south Europe, besides water. Pairing food and wine is the essential of eno-gastronomy in Italy. Veneto region displays different territories: mountains, sea, lakes, many rivers. Any kind of food is to find there. Also, seasons play a huge role in the food you may find on your plates. And the wines you can pair to those plates are another unmissable offer! Still, white wines, slightly aromatic bubbles, important red wines find their best pairings with pasta, vegetables, fish, and meat.

Not to forget the peculiar dessert wines such as Recioto della Valpolicella which is supposed to be the ancestor of Amarone, when dry wines were not in vogue. Enjoy!
